JJ	1977
AB	1978 - 1980
AC	1981 - 1982
AD	1983 - 1985
AE	1986 -

Charles Rigoutat started making oboes professionally in 1922 and was succeeded by his son Roland in 1945. The company continues to be run by Roland's son Philippe. The Rigoutat serial number system consists of three different formats: a single letter followed by numbers, duplicate letters followed by numbers, and ascending letters followed by numbers. They currently manufacture Oboes, English Horns, and the Oboe D'amore.
